

## RED ROCKET GOLD STARS

I've just been asked how many "Red" Rocket Gold Stars were despatched to the States. The enquirer said that the figure he'd found 'on-line' is 10.

The following Rocket Gold Stars are recorded in the Despatch Book as "Red" and were sent to North America; these include 18 entered as "Flame Red". Whether they were all 'Flame Red' but usually recorded as 'Red', or whether some were 'Flame Red' and some were 'Red', I don't know. Answers on postcards only, please . . .
